URGENT REQUEST
PLEASE NOTE: Scheduling issues do not meet the definition of urgent.
 Urgent requests must be signed and include supporting documentation from the provider's office, noting that standard timeframes for making a non-urgent determination could:

- Seriously jeopardize the life/health of the patient or the ability to regain maximum function, or
- Seriously jeopardize the life, health or safety of the member or others, due to the member's psychological state, or
- In the opinion of a provider with knowledge of the member's medical or behavioral condition, subject the patient to adverse health consequences without the requested care or treatment.

I attest that this request meets the urgent definition described above: MD signature: _____

Procedure code/CPT code:	ICD diagnosis code:

REQUIRED: *For OP hospital infusion: Criteria for exceptions includes the list below. Select criteria and attach supporting medical records, include presenting symptoms and previous treatment.

<input type="checkbox"/> Clinical condition present that increases the risk of an adverse reaction <input type="checkbox"/> Unstable renal function <input type="checkbox"/> History of difficult vascular access <input type="checkbox"/> Acute mental status changes/cognitive conditions that affect the safety of infusion therapy	<input type="checkbox"/> First-time infusion <input type="checkbox"/> Re-initiation after more than six months <input type="checkbox"/> History of severe adverse drug reactions and/or anaphylaxis to prior or similar treatment <input type="checkbox"/> Access greater than 50 miles from patient's home <input type="checkbox"/> OP hospital is the only infusion option available
