You can select from several types of Essential health plans: gold, silver, bronze, and catastrophic. These levels refer to the plan cost, not the quality.

When choosing the plan that's right for you, keep in mind:

- **Health savings account (HSA):** Some plans with a high deductible let you set up an account to save and invest your money for qualified healthcare costs. An HSA has tax advantages.
- **In network:** Visits to an in-network doctor, pharmacy, hospital, or other care provider help keep your costs lower.
- **Out of network:** Care outside of your plan's network is not covered, except for emergencies.
