Formulary Drug List
Effective 01-01-2027

This is a formulary drug list for American Indian/Alaskan Native eligible individuals with zero cost shares. For American Indian/Alaska Native plans at 300% FPL cost shares please see the M4 drug list.

What is the list of covered drugs (Formulary Drug List)?
This document contains a list of generic, brand and specialty drugs covered under your plan.

How is the list of covered drugs developed?
The formulary drug list is developed with an independent committee of physicians, pharmacists, and other healthcare providers called the Pharmacy and Therapeutics Committee. This independent committee reviews and selects drugs for coverage based on each drugs safety, effectiveness, and cost.

The committee meets at least quarterly to review new drugs to market to determine placement on this list and reviews updated safety, effectiveness, and cost information for existing drugs to ensure the drug list remains up to date with current medical evidence.

How do I use the Formulary Drug List?
Drugs are listed by categories depending on the type of medical conditions that they are used to treat. If you know what your drug is used for, look for the category name in the list that begins below. Then look under the category name for your drug.

If you are not sure what category to look under, you can also search for the drug in the index. The index provides an alphabetical list of all the drugs included in this document. Next to the name of the drug in the index, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

How does the Formulary Drug List help me understand my drug coverage?
Drug coverage is based on your coverage contract. Coverage for a specific drug is subject to the rules outlined in your member booklet. This document will tell you if a drug is included on the drug list attached to your plan.

Will the Formulary Drug List change?
The formulary drug list is updated throughout the year. If you are taking a drug and it will be removed from the drug list or moved to a higher cost sharing tier, we will notify you of this change

via letter. We also post information on upcoming drug list changes on our website on the "Drug list Changes" page.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These can be seen in the column next to the drug name on the list. These requirements and limits may include:

- **Age Limits:** some drugs have age limits due to Food and Drug Administration (FDA) approved indications. For example, Drug A is limited to ages 2 through 5 years of age.
- **Prior Authorization:** some drugs require prior approval before they are covered.
- **Quantity Limits:** for some drugs, we limit the amount of the drug that we will cover. For example, we will cover 18 per 30-day supply of zolmitriptan oral tablets.
- **Step Therapy:** for some drugs we require that you first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, then we will then cover Drug B.

Drugs subject to these restrictions will generally mean that your physician or healthcare provider may need to provide additional information on your medical condition before the drug will be covered at the pharmacy. Information on this process is on our website on the "Drugs Requiring Approval" page.

Metallic (M1) Formulary Drug list

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., JANUVIA) and generic drugs are listed in lower-case italics (e.g., *metformin oral tablet*).

The information in the Requirements/Limits column tells you if we have any special requirements for coverage of your drug.

The amount you pay for a covered drug will depend on if you have met any applicable deductible for the plan year, if you have met any applicable maximum out of pocket for the plan year and what tier the medication is on.

More information on applicable deductibles and maximum out of pockets can be found in your member booklet.

Metallic (M1) Drug list

Drug Tier	Includes
Formulary Drugs (1)	Formulary Drugs include Preferred Generic, Preferred Brand, and Non-Preferred Drugs. Medical plan cost shares apply to formulary drugs. Once you have satisfied your medical deductible, you will pay your applicable coinsurance until you reach your out-of-pocket maximum limit.

These drugs and their services are covered under the medical benefit, not under the pharmacy benefit. This drug may require prior authorization, please see the "Drugs Requiring Approval" page

	on our website for more information.
